Council Meeting.

The council met in regular monthly session Tuesday evening. All members present except Councilman Parsons. The following veto from Mayor Mangan was read.
To the President and Board of Councilmen of the city of Frankfort: GENTLEMEN:—I hereby return to your honorable body, without my approval, a resolution passed by you on September 7, 1891, ordering Short street, in South Frankfort, to be graded and macadamized. I cannot approve the resolution, for the reason that the property owners have not been legally notified, and if done by the city without legal notice, the city could not collect from the property owners.

Respectfully,
LEWIS MANGAN,
Mayor pro tem.

A petition was received from Annie Wells, asking permission to erect two frame cottages on the corner of Mero and Wilkinson streets, West End. Granted.

A petition was received from Howard & Sacra, that license be granted them to operate a livery stable in what is known as the old Macklin stable at the east end of Broadway. Referred.

A petition was received from Golden Link Grocery Company, asking that their license be transferred to Robt. Ford & Co. Referred to license committee.

Mr. Staten offered a resolution to the following effect, which was adopted:

In view of the many advantages Frankfort has of realizing great benefits which would result from having manufacturing located in our midst,

Resolved, That we recommend that our representative and senator be requested to have an act passed authorizing the Board of Councilmen to exempt from taxation for not less than five years all such manufacturing enterprises as will invest ten thousand dollars or more in such time.

A petition was received from G. H. Sargent, assignee of Aubrey & Williams, requesting that the license of Aubrey & Williams be transferred to Towles & Armstrong. Referred to license committee.

C. E. Collins & Bro. petitioned for a rebate on license paid for hardware house on the corner of Broadway and Lewis streets. A rebate of \$5 was allowed.

Petition was received from John Halmhuber, of the South Side, complaining of nuisance on his premises. Referred to street committee with power to act.

A communication was received from the school board concurring in the plan originated by the council to establish a permanent ward school in the West End.

A petition was received from W. T. Flynn in regard to certain pavements in the north and western ends of the city.

The street committee will hold a meeting Monday night next in regard to same.

A report was received from the work-house committee recommending that a new roof be placed on the work-house stable and a small sewer built on the premises. Adopted.

A report was received from the bridge committee recommending that repairs be made on the toll-house or bridge keeper's house at the

South end of the wooded bridge. Granted.

Mayor Mangan stated to the council that certain parties had made overtures for the purchase of the Cove Spring property, owned by the city, with a view to using it for manufacturing purposes. The matter was referred to the water committee and a special meeting of that body will be held next Tuesday night to determine the best course to pursue in the matter.

After allowing sundry accounts the council adjourned until the next regular meeting night.

Passed Us By.

Several trains loaded with Barnum & Bailey's Circus passed through the city yesterday morning on their way to Lexington. The small boy was out in force to see the trains pass through.

Was Insured.

Several weeks ago the barn of Mr. Moses Spicer, near Switzer, was destroyed by fire, together with a new threshing and separator, engine and other machinery belonging to Messrs. Spicer & Heaton, which was in the barn at the time. It was at first reported there was no insurance upon the barn and contents, which was a mistake, as there was insurance to the amount of \$1,500 in the National Insurance Co., of Hartford, and Standard, of Missouri, and the loss was paid on Thursday through the agency of Mr. Chas. F. Exum.

The new store of Wm. O'Donnell will be open Monday, Sept. 28. He will keep the finest line of notions to be found in the city.

Two of our enterprising young jacklegs have a contract in Frankfort, with Frankfort Carriage & Harness Co. Here's to you, Rip & Rumpers.

There isn't as much running to Switzer from this neighborhood as there usually was, why? Caze school is tuck up.

What has become of Frankfort's long talked of street railway? I fear there are those who want to make too much out of the charter and leave nothing for the builders and owners of the enterprise.

This is not right, gentlemen of the charter. Sell out, get out of the way and give men who want the old town to prosper a chance.

We see there is going to be a Trotting Association in Frankfort. Now men at the head of the enterprise, be wise and run your association honestly and fairly, and not try, as in the days of the old fair, to make too much money, and not all of you try to be the biggest boss, and run the trots as if you were the only one who had a say, but pull together and make the trots a success, and it will be largely to the benefit of your city and the county, and will cause men who never have thought of raising anything but plugs to turn over a new leaf and try and raise better stock. In fact a trotting association or a fair is a stimulus for the stock raisers or farmers to have good stock to show and sell.

UNAH.

Oh, What a Cough.

Will you heed the warning; the signal perhaps of the sure approach of that more terrible disease Consumption? Ask yourself if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a Million Bottles were sold the past year. It relieves croup and whooping cough at once. Mothers, do not be without it. For lame back, side or chest use Shiloh's Porous Plaster. Sold by J. W. GAYLE.
